

1.

Remove your dry BB from the canister.

2.

Take your dry BB and completely saturate it in water using a squeezing motion.

3.

Towel-dry using the same squeezing motion leaving your BB ready for use.

4.

Dip your damp BB into your makeup of choice.

5.

Stipple (bounce) the makeup onto your skin until you achieve the coverage you desire.

6.

Air dry your BB by tucking in the top of the canister onto the bottom and setting your BB on top until dry.
