

INTRODUCING

Beauty Filter Cream - *Glow*

BY SON & PARK

This moisturizer provides a filter effect to create iridescent, glowy skin that's always selfie ready.

#FilterIRL

Known as a "tone up" cream in Korea—a popular term to describe brighter, more even toned skin. This priming moisturizer locks in moisture and creates a smooth canvas before applying make-up.

Perfect for all skin types and free of parabens, artificial fragrance, and mineral oil.

INGREDIENTS

- Vitamin C and Vitamin E brighten and condition skin
- 8 kinds of white flowers for tone up properties:
 - Freesia
 - Lilium candidum
 - Edelweiss
 - Iris
 - Lotus
 - Daffodil
 - White Rose

HOW TO:

- Take a suitable amount in the final step of skin care, and tap it lightly to let it fully absorb
- If not enough, add another thin layer
