

THE 7 VIRTUES

Peace Perfumes

Why We're Different

Hypoallergenic

Our fragrances are hypoallergenic and can be worn to work.

Organic

Made with Organic Sugar-Cane Alcohol and Organic Essential Oils

Cruelty Free

We only test on friends and family.

Paraben-Free

Paraben-Free, Phthalate-Free, Sulfate-Free, Formaldehyde-Free.

Sustainable Development

Our ethically sourced perfumes provide alternatives for farmers in nations rebuilding.

Vegan

No Animal product. Our Founder is a Vegetarian and loves her cat Waldo.

How Should I Store My Peace Perfumes?

Please store your peace perfume away from direct light, humidity, or high temperatures. We do not use chemical UV inhibitors in our fragrances and although many natural essential oils can discolour, it does not harm the scent. The organic, fair trade vanilla that we use in our Vanilla Woods fragrance can darken when exposed to sunlight, and your fragrance may become a light caramel colour, but don't worry, it's still a perfect fragrance.

Are The 7 Virtues Peace Perfumes Classified As Safe According To The Strict European Union Regulations?

Yes. The 7 Virtues Peace Perfumes have gone through rigorous testing and have been deemed safe. Our Chartered Chemist is duly authorized according to the Regulation of the European Parliament and of the Council on cosmetic products (recast) 2008/0035 (COD) dated 10 November 2009 (finally as 1223/2009 on 30 November 2009) and all subsequent additions, which replace all other regulations. We have taken into consideration the general toxicological profile of each ingredient used, the chemical structure, the CIR panel evaluation where available, the level of exposure (full technical data and/or toxicology files are held for each ingredient) and a total daily exposure has been calculated along with the margins of safety for each ingredient. As a result of our evaluation the product has been classified as: **SAFE**.
