I ♥ Blush

Blush like you just fell in love.
Our draw-a-heart technique.

Step 1

With **repair serum**, stroke a heart shape around edges of face. Blend outward. With **highlighter**, draw a half-heart shape on each side of face. Tap to blend.

Step 2

Dip one side of face brush into a **bronzer**. Find contours of cheeks by pretending to blow a kiss—add bronzer in hollows.

Step 3

Flip brush over and tap into a **blush**. Blend onto apples of cheeks, using an "X" motion.
