

HOW TO USE

BABY BUTTERCUP

drybar®

BABY BUTTERCUP TRAVEL BLOW-DRYER

Delivers 100% of the power and performance of most professional FULL size dryers on the market. Plus, dual voltage (120/240 volt) allows you to have great hair everywhere!

STEP 1 : Unfold Baby Buttercup.

STEP 2 : Make sure that the voltage is correct for your location.

STEP 3 : Section hair in clean, small sections starting in the front.

STEP 4 : Work around until all hair is dry.

STEP 5 : Lock in style with a cool shot.

STEP 6 : Fold up and place in travel bag!

ALLI'S TIPS

Features ionic technology, which dramatically improves the condition of the hair by increasing shine and reducing frizz on the go.
