

## How to contour like a pro.

**1. Start** with your custom-fit foundation to create an even canvas.

**2. To slim** and shape the nose, define the jawline and lift the neck, dot on Chubby Stick Sculpting Contour to areas marked "C." Blend well.

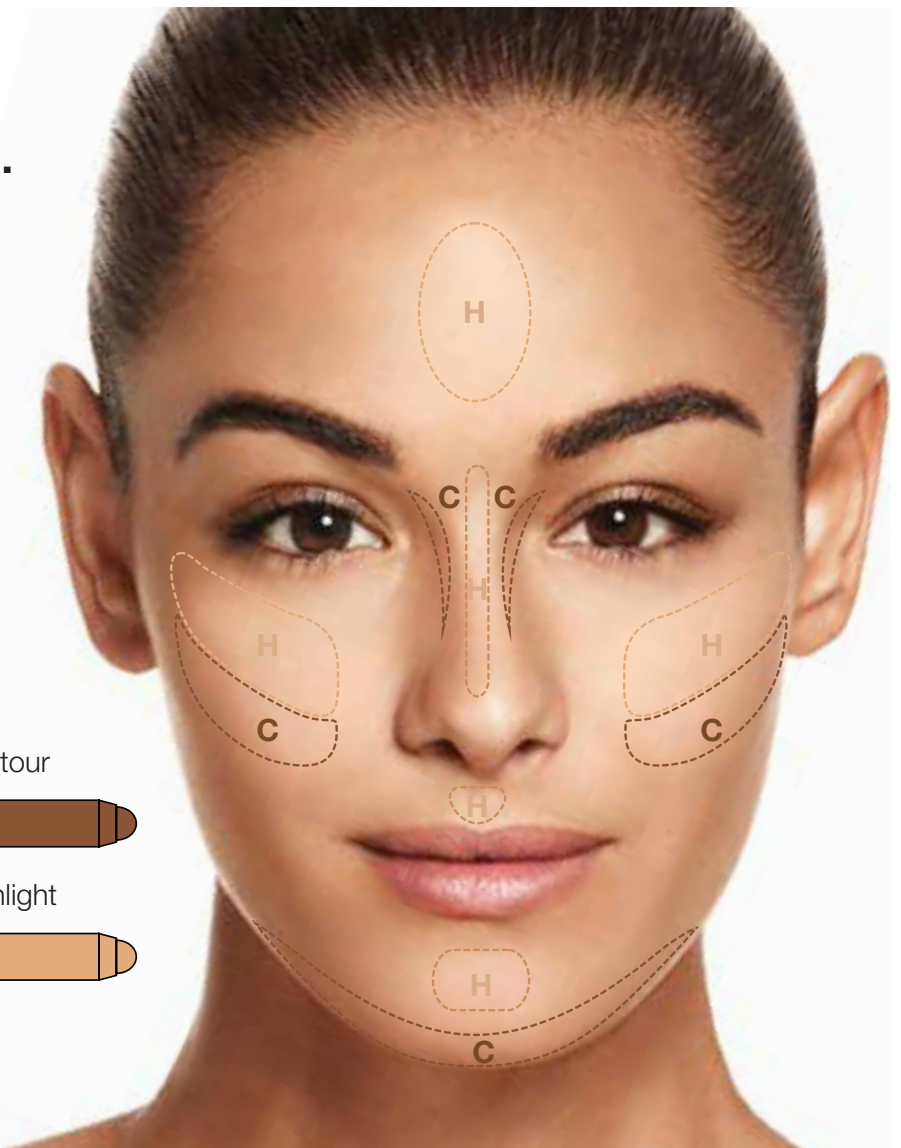

**3. Highlight** features in a flash with Chubby Stick Sculpting Highlight to areas marked "H."

**4. Dot** Chubby Stick Cheek Colour Balm onto apples of cheeks and blend.
