## CUSTOM ENHANCER DROPS

Custom Enhancer Drops are highly concentrated liquid pigment drops available in 4 global illuminating shades and 2 global bronzing shades that empower you to weightlessly customize your perfect luminous finish or sun-kissed glow!

These revolutionary drops can be used three different ways to customize your perfect level of highlighting or bronzing!

- Use before makeup on bare skin
- Use them over makeup, even after powder, for a radiant strobe effect or a sun-kissed look
- Mix them into your foundation, primer, moisturizer, or even body lotion to add illumination or to deepen the color for a beautiful bronze.
