

PRISME LIBRE

COLOR CORRECTING LOOSE POWDER

GIVENCHY

Prisme Libre is the first ever loose powder that combines 4 shades to set makeup, color correct and illuminate the skin. The harmony of the four lightly tinted shades unifies and enhances your complexion's natural radiance. The sheer silky formula won't ever turn chalky on your skin and is available in four shades.

1

2

Turn the case over with the puff to release the powder.

3

4

The signature logo screen releases the perfect amount of each shade, allowing you to easily blend colors together for a sheer natural result.

Apply the puff to the skin, then blend evenly over the entire face using upward circular motions.

5

6

You can use Prisme Libre over your favorite foundation or even on bare moisturized skin for an ultra natural glow that's made to measure!

Add the perfect finishing touch with Prisme Blush or Healthy Glow Powder for a bronzed result.

The result: An even and radiant complexion while shine remains under the upmost control.
