## BENEFITS

- ① Ultra tacky in seconds.
- ② Gentle formula for sensitive eyes and microbial test approved for safe use.
- ③ Easy to remove from eye and lash band.
- ④ Mess-free brush on applicator.

# Too Easy Lash Applicator

Lash application is even easier than you think with our dual-ended tool that features a curved lash tweezer on one end for easy placement and adjustment, and comb on the other for finishing touches.

## APPLICATION TIPS

The Applicator allows for a firm hold on the lash for precise application.

The contour of the curved tweezer allows for easy securing of the lash right against the natural lash line.

For a flawless look, blend the lashes together by brushing them with the comb end of the applicator.
