

HOW TO CHOOSE AND USE COLOUR CORRECTORS

CORRECT CLICKS ARE CONVENIENT STICK CREAM COLOUR CORRECTORS THAT EVEN OUT SKIN TONE BY VISIBLY NEUTRALIZING DISCOLOURATION

Professional Results require professional products. Right down to the exact pigment load and texture, Correct Clicks were specifically designed to flawlessly correct in a single swipe, blend effortlessly with the warmth of a fingertip, and sit beautifully under any foundation and concealer texture.

PEACH: FAIR TO MEDIUM SKIN

ORANGE: MEDIUM DEEP SKIN

BRICK: DEEP SKIN

DARK CIRCLES & DARK SPOTS: Peach, Orange, Brick

Apply directly to the dark circle or dark spot in a swiping and dabbing motion. Blend outwards with your fingertips to diffuse. Follow with foundation and/or concealer as you normally would.

YELLOW

GREEN

REDNESS: Yellow & Green

For mild redness use Yellow. For severe redness use Green. Apply directly to the areas with redness in a swiping motion. Blend outwards with your fingertips to diffuse. Follow with foundation and/or concealer as you normally would.

* Yellow Correct Click can also be used to neutralize Purple tones around the eye area.

LAVENDER

SALLOWNESS/ DULLNESS: Lavender

Apply the Lavender Correct Click directly to skin in a striping motion concentrating on the center of the face. Blend outwards with your fingertips to diffuse. Follow with foundation and/or concealer as you normally would.
