

NIGHT MOISTURE MASK
(Overnight Deep-Medium Treatment)
Net Wt. 1.41 oz. / 40 g

Wake Up to Youthful Supple Skin Everyday

1. Use a dime size amount of the Night Moisture Mask to complete your nightly skin care regimen. Blend the sizeable amount in the palm your hand until the emollient capsules melt into a gel.

2. Apply on four areas of face: Cheeks, Forehead, Nose and Chin. Gently spread outwards using the whole surface of your palm. The moisturizing gel mask will blend immediately onto skin to seal in the botanical extracts and refresh the skin during your sleep.
