

FLOSS

Stay flossy, stay weird, get into it!

1. FACE MIST

Spritz upwards in the direction of your face for an instant refresh that tones, calms and hydrates skin.

2. COVERAGE DUO

Roll liquid concealer over face and blend with fingertips for an even skin tone. Flip open pot and pat on marshmallow cream concealer to cover stubborn spots.

3. MATTE BRONZER

Swipe in an upward motion below cheekbones for contour and along hairline for a sun-kissed effect. Blend with fingertips.

4. LIP + CHEEK

Swipe onto lips and cheeks for a perfectly matching sheer hint of color.

5. EYE MARKER

Swipe the chisel tip marker along lash line. Angle the tip upward and extend liner beyond the outer corner of the eyelid for a dramatic cat eye look.

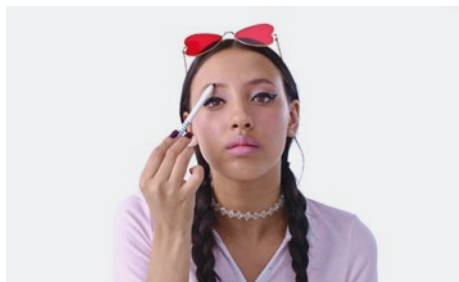

6. MATTE QUAD

Swipe purple matte marshmallow shade onto eyelid crease for a fun, pastel highlight.

7. UBAME MASCARA

Sweep triple ball brush through lashes from root to tip. Then hold wand vertically and use the top ball of the brush to build extra volume.

8. GEL BROW

Fill in brows with gel formula using small, upward strokes beginning at the the inside of the brow and moving outwards. Brush through to shape and finish.

9. FACE GLOSS

Dab a drop of gloss onto the upper cheekbone and along brow for a glossy, high-shine effect.
