DETOX WHIPPED DRY SHAMPOO FOAM

This unique, ultra-light powderless formula goes on dry hair to absorb oils, refresh hair and add volume.

SCENT: BLANC (Coconut, Vanilla, Amber)

For something stronger, try Original Detox Dry Shampoo.
Available in two scents!

STEP 1 : Shake the can well.

STEP 2 : Dispense a small amount into palm.

STEP 3 : Massage gently into dry hair at the roots. Don't fret if it feels wet; it'll dry as time goes by.

STEP 4 : Continue massaging into roots until the foam disappears completely.

STEP 5 : Don't forget the nape and top of your crown.

STEP 6 : Voilà! The finished look. You've just whipped your blowout back to life!
