

VELOUR

# Invisible Collection

The first luxury invisible lash band at Sephora, and the perfect finishing touch for a natural makeup look. While our cotton thread band is flexible and comfortable we wanted to create a lash band that blended seamlessly with every skin tone. Our new **Invisible Collection** lashes blend flawlessly into any lash line for an even more natural look! These low maintenance lashes can take you from meetings to brunch and everything in between!

- ▶ Velour is made for longevity. Use each pair **up to 20x**.
- ▶ With an even thinner and more natural lash band, this collection gives you the most lightweight comfortable wear.
