## THE SHOCK

**PRO TIP:** Apply the brush to the lash pushing upwards and outwards at the same time. You can pump up the volume by adding stroke on top of stroke.

## EYE DUO SMOKER N°4

**PRO TIP:** Use the darker color as a base on your eye lid and lower eye lid in one stroke. Use the lighter color as a highlighter on the corner of your eye and at the arch of your eye brow.

## DESSIN DU REGARD WATERPROOF N°1

**PRO TIP:** Draw on the inner rim of the lower lid or along the lash line towards the outer corner as an eyeliner.

## ROUGE VOLUPTÉ SHINE N°47
