

Don't Despair, Repair!

Strength + Moisture Leave-In Mask Spray

What it is:

A strengthening and reparative leave-in deep conditioner that provides repair benefits beyond an in-shower experience and produces healthy, stronger hair in between washes and heat styling.

Who it's for:

Those with severely dry, damaged and brittle hair that want to notice an instant improvement of repair and healthy looking hair.

Key ingredients

MICRO-ENCAPSULATED ARGAN OIL

A unique argan oil technology that adheres to the amino acid surface of damaged hair. As the product dries, the beads pack tightly and attach to each other within the damaged area. Tensile forces visibly close structural gaps and the beads release a protective layer on the hair shaft. The hair cuticle is restored to a flexible integrity, leaving the hair feeling like new.

ALGAE EXTRACT:

Contains potent vitamins and minerals that nourish and strengthen the hair.

PANTHENOL:

A B-vitamin that enhances the effects of hair elasticity, moisture retention and flexibility.

BIOTIN:

Strengthens the hair shaft and the hair follicle to prevent breakage.

6-free

NO Sulfates

NO Silicones

NO Phthalates

NO Parabens

NO DEA

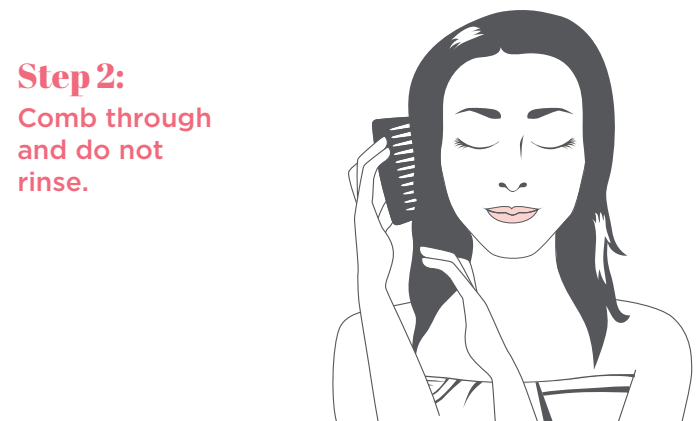

NO Artificial Dyes

How to use it:

Step 1:

Spray throughout freshly washed and damp hair, with focus on the mid-length and ends

Step 2:

Comb through and do not rinse.

Step 3:

Air or blow dry and style hair as usual.
